

Climate, Food and Planet: Why what we eat matters.

*A talk by Sir Jonathon Porritt
Malvern Cube March 8th at 7:00pm*

Our food and agricultural systems:

- contribute 30% to UK greenhouse gas emissions.
- impacts on our health.
- drives habitat destruction around the world.

Come and join us for the evening with the renowned environmentalist and campaigner: Jonathon Porritt.

He will be giving a talk that unpacks some of the issues around what we eat and how changes in it can benefit climate, health and planet.

The talk will be followed by a facilitated discussion around how we can reduce our food footprint within the Malvern Hills District and beyond.

Entry is free, donations welcome, booking essential at Eventbrite:
